Welcome

Willkommen. Bienvenido. Bienvenue. Welkom.

EN **Globality CoGenio® gives your clients increased flexibility and options.** To accurately reflect the cost of your client's future country of residence we have split the world into 5 pricing zones. This means that premiums are relative to the cost of local treatment and are not influenced by other countries that have higher medical costs and would therefore lead to higher or less stable premiums. We offer the right plan for your client's budget and needs. You identify the cost of their cover by the plan level they have chosen, the deductibles your clients want to pay before the insurance covers the costs and the age of each person on the plan. To select the right premium simply follow the 3 steps shown on next page.

⚠ Please note: Prices are indicated as monthly or yearly premiums in GBP per insured person. Insurance premium tax and other governmental levies are not included within these rates, as they vary from country to country. Please also note that individual eligibility for insurance cover in certain countries may depend upon our compliance evaluation.

DE **Globality CoGenio® bietet Ihren Kunden höhere Flexibilität und mehr Optionen.** Um die Kostensituation im künftigen Aufenthaltsland Ihres Kunden konkret berücksichtigen zu können, haben wir fünf internationale Preiszonen gebildet. Das hat den Vorteil, dass die Beiträge den jeweiligen Behandlungskosten vor Ort angepasst sind. So sind sie von denen anderer Staaten abgekoppelt, deren höhere Behandlungskosten die Prämien teurer und weniger stabil machen würden. Wir bieten Ihren Kunden für jedes Budget und jeden Bedarf die richtigen Tarifstufen. Sie ermitteln die anfallenden Beiträge anhand der gewählten Tarifstufe, des Selbstbehalts, den Ihre Kunden bis zum Eintreten der Versicherung zu zahlen bereit sind, und des Alters jeder versicherten Person. Wie Sie den korrekten Beitrag in nur drei Schritten ermitteln, ist auf der folgenden Seite erläutert.

⚠ Bitte beachten Sie, dass die Preise als monatliche oder jährliche Beiträge in GBP pro versicherte Person angegeben sind. Die Versicherungssteuer und andere gesetzliche Gebühren sind dabei noch nicht berücksichtigt, weil sie von Land zu Land verschieden sind. Bitte beachten Sie außerdem, dass eine endgültige Zusage über die Versicherbarkeit in den einzelnen Zielländern erst nach einer individuellen Compliance Prüfung erfolgen kann.

ES **Globality CoGenio® ofrece a sus clientes más flexibilidad y más opciones.** Para reflejar exactamente el coste en el futuro país de residencia de su cliente, hemos dividido el mundo en cinco zonas de precios. Eso significa que las primas van en consonancia con el coste del tratamiento local, y no están influidas por las tarifas de otros países con costes médicos superiores, lo que daría lugar a primas más elevadas o más variables. Ofrecemos el plan más ajustado al presupuesto y a las necesidades de sus clientes. Usted identifica el coste de sus coberturas por el nivel de plan que han elegido, los elementos deducibles que sus clientes desean abonar antes de que su seguro cubra los costes, y la edad de cada persona incluida en el plan. Para seleccionar la prima adecuada, siga los tres pasos que se indican en la página siguiente.

⚠ Tenga en cuenta que los precios aparecen indicados como primas mensuales o anuales en GBP por cada persona asegurada. En estas tasas no se incluyen los impuestos y otros gravámenes estatales de la prima del seguro, pues pueden variar en función del país. Tenga en cuenta que la admisión individual a la cobertura de seguro puede depender en algunos países de nuestra evaluación de la conformidad con la legislación local vigente.

FR **Globality CoGenio® procure à vos clients davantage de flexibilité et d'options.** Pour rendre compte avec précision des coûts correspondant au futur pays de résidence de vos clients, nous avons divisé le monde en cinq zones de tarification. Ce qui veut dire que les primes sont en rapport avec les coûts locaux de traitement et ne sont pas influencées par les pratiques d'autres pays où les frais médicaux sont plus élevés, avec pour conséquence des primes plus onéreuses ou moins stables. Nous proposons le plan d'assurance adapté au budget et aux besoins de vos clients. Vous déterminez les coûts de leur couverture en fonction de la formule qu'ils ont choisie, de la franchise qu'ils souhaitent payer avant que l'assurance rembourse, et de l'âge de chaque personne couverte. Pour sélectionner la prime adéquate, suivez simplement les trois étapes figurant à la page suivante.

⚠ Rappel : Les prix sont indiqués sous forme de primes mensuelles ou annuelles en GBP par personne assurée. La taxe sur les primes d'assurance et autres prélèvements gouvernementaux ne sont pas inclus dans ces tarifs étant donné qu'ils varient d'un pays à l'autre. Veuillez noter que l'admissibilité individuelle à la couverture d'assurance peut dans certains pays dépendre de notre évaluation par rapport à la conformité de la législation.

NL **Globality CoGenio® biedt uw klanten meer flexibiliteit en meer opties.** Om de kosten van het toekomstige vestigingsland van uw klant nauwkeurig te kunnen aangeven, hebben wij de wereld in 5 prijszones onderverdeeld. Dat houdt in dat de premies afhankelijk zijn van de kosten van lokale behandeling en niet worden beïnvloed door andere landen waar hogere medische kosten bestaan, wat zou leiden tot hogere of minder stabiele premies. Wij bieden de juiste polis voor het budget en de behoeften van uw klant. U stelt de kosten van hun dekking vast op basis van het polistype dat ze hebben gekozen, het eigen risico dat uw klanten willen betalen voordat de verzekering de kosten gaat dekken en de leeftijd van elke persoon binnen de polis. Voor het kiezen van de juiste premie volgt u de 3 stappen op de volgende pagina.

⚠ Let op: Prijzen worden vermeld als maand- of jaarpremies in GBP per verzekerde persoon. Belasting over de verzekeringspremie en andere overheidsheffingen zijn niet in deze tarieven opgenomen, omdat ze van land tot land verschillen. Gelieve op te merken dat het in aanmerking komen voor een verzekeringsdekking onderhevig is aan een compliance beoordeling (het navolgen van de lokale wetgeving).
